Introduction

Accsoon SeeMo is a portable HDMI to iOS video capture adapter that converts and transmits the HDMI video source from a camera to an iPhone or iPad via a USB cable. Featuring H.264 video compression and VBR (Variable Bit Rate), Accsoon SeeMo can deliver a visually lossless image for professional monitoring. With Accsoon SEE App, you can easily transform your iPhone or iPad into a professional monitor. With a ton of features like professional monitoring functions, live streaming, audio & video recording, Accsoon SEE App provides an easy way to achieve low-cost monitoring, recording and streaming. Compact. Low power draw. Accsoon SeeMo is the ideal solution for vlogging and outdoor live streaming users to monitor/record/live stream.

Product Features

Turn your iPhone/iPad into a professional monitor

Video input and output support up to 1080p 60fps

Visually lossless image quality

Rich monitoring features

Video and audio recording

RTMP live streaming on Accsoon SEE App

Powered by NP-F Battery

USB-C power supply for other devices

iPad charging (TYPE-C Port models)

Support 5.5–6.5 inch iPhone

Modular design, flexible and versatile

Standard 1/4 inch threaded mounting hole, Cold shoe mount

Instruction

- 1** Download and install the Accsoon SEE App on your iPhone or iPad.

- 2** Extend the Accsoon SeeMo to attach the iPhone (avoiding the buttons on the side of the phone). To use with iPads, an Accsoon iPad Cage is required (optional product).

- 3** Mount the Accsoon SeeMo via the cold shoe adapter and make sure it's held securely.

- 4** Attach an NP-F series battery.

- 5** Connect the Accsoon SeeMo to the camera using HDMI cable (optional product).

- 6** If there is a need to power other devices (e.g. Accsoon F-C01), connect the cable to the USB-C power output port.

- 7** Connect your iPhone/iPad to the Accsoon SeeMo's USB-C video output port using the corresponding cable.

- 8** Power On: Press the power button and the power indicator LED will turn on.

- 9** Open the Accsoon SEE App, select "Accsoon SeeMo", and tap "Monitor" to start monitoring.

Attach the Accsoon SeeMo to the Accsoon iPad Cage (optional product)

Hold the two parts with both hands and separate the part A and the part B as shown in the picture. Then slide and lock down the part A to the Accsoon iPad cage.

HDMI indicator

1 Live streaming

① Please make sure the iPhone/iPad can access the network via "WiFi" or "4G/5G" network.

② Tap the "Live" button on the App, enter the RTMP live URL and code then tap "OK" to start live streaming.

Note: The fluency of the live streaming depends on the stability of the Internet connection. When the video is buffering, please check whether your Internet connection is heavily loaded or your mobile network has poor reception quality.

Specification
